Repeat row 3 until your work measures approx 23 inches (or desired length). At the end of the last row, switch to your second colour, CH1, turn.

## Edging:

Round 1: Work around the border of the blanket evenly in single crochet. Make sure that you do 3 SC in each corner of the border. If you don't know how to do a single crochet border, this wonderful article explains it in detail. When you have completed one round, join to first sc with a slip stitch.

Note: The top of the blanket is a little bit confusing for the first round since there are shells and not a straight row to work off of. For the top row of the border, what you need to do is: CH1 and switch to your new colour. Then, work 3SC in the first sc. After that, work 1SC in each dc (each shell represents 4 stitches so you want to make 4 SC per shell). You will know you are doing it correctly because the top will start to straighten out. Once you reach the end of the row, work 3 SC in the top of the turning chain and continue to work around the border in single crochet.

Round 2: CH2, work (3 DC, 1 SC) in same stitch; \*skip 3 sc, work (4DC, 1 SC) in next sc; repeat from \* all the way around the border of the blanket. Join to beginning of the round with a slip stitch.

Fasten off and weave in all loose ends.
